

Dear Mr. Wilcox

You are a boss dude. I just wish we would've had more time to listen to you. Your stories were very interesting. I hope you're still around to tell your stories to many future generations. Thank you for sharing your experience.

- Alireclo Lugo

Dear Mr. Wilcox,

I would like to thank you for coming by Lee High School and taking time to speak to us. Many of the things you said was very interesting and informative. I really enjoyed and appreciate the story you told of your hit in the war. How you survived was courageous. I learned many things about the U.S. Navy and how they operated on the ships. Your life in the Navy was extraordinary to how I see life and has taught me how hard life can be. I very much thank you for speaking about your four difficult and extraordinary days.

Your New High School Friend,
Evan Sanchez.

Navy was extraordinary to now + see life and has taught me how hard life can be. I very much thank you for speaking about your four difficult and extraordinary days.
