

Dear Mr. Wilcox

I just wanted to start out by thanking you for coming to our class. I really learned a lot from you and I think that you were very heroic, to even be in the army and be one of the 317 that survived in the ocean for 3 days in shark infested waters. That is just so amazing to me, and I am really grateful for you coming to speak to us about your experience.

Thank you  
Ariana Chavez

Dear Mr. Wilcox

I would like to thank you so much for coming to our school. I was very impressed by things that you went through and how you were able to talk about it with us. Again I would like to thank you for taking your time to come and tell us your story.

Sincerely  
Anahi Torres
